

1. Photocopy goggles pattern on to card stock. One pair of goggles per student.
2. Cut on dotted lines. (Note, if an adult is prepping, the top can be cut with paper cutter.)
3. Fold where solid lines indicate.
4. Punch two holes on each side of goggles (approx. location noted).
5. Lace the pipe cleaner through the two holes and give a gentle twist to secure.
6. Have each student adjust pipe cleaner around ear so it's comfortable.
7. Cut out gel patter. Trace and cut 3-8 gels per student.
